# STREAMIO

## Live & On-demand video

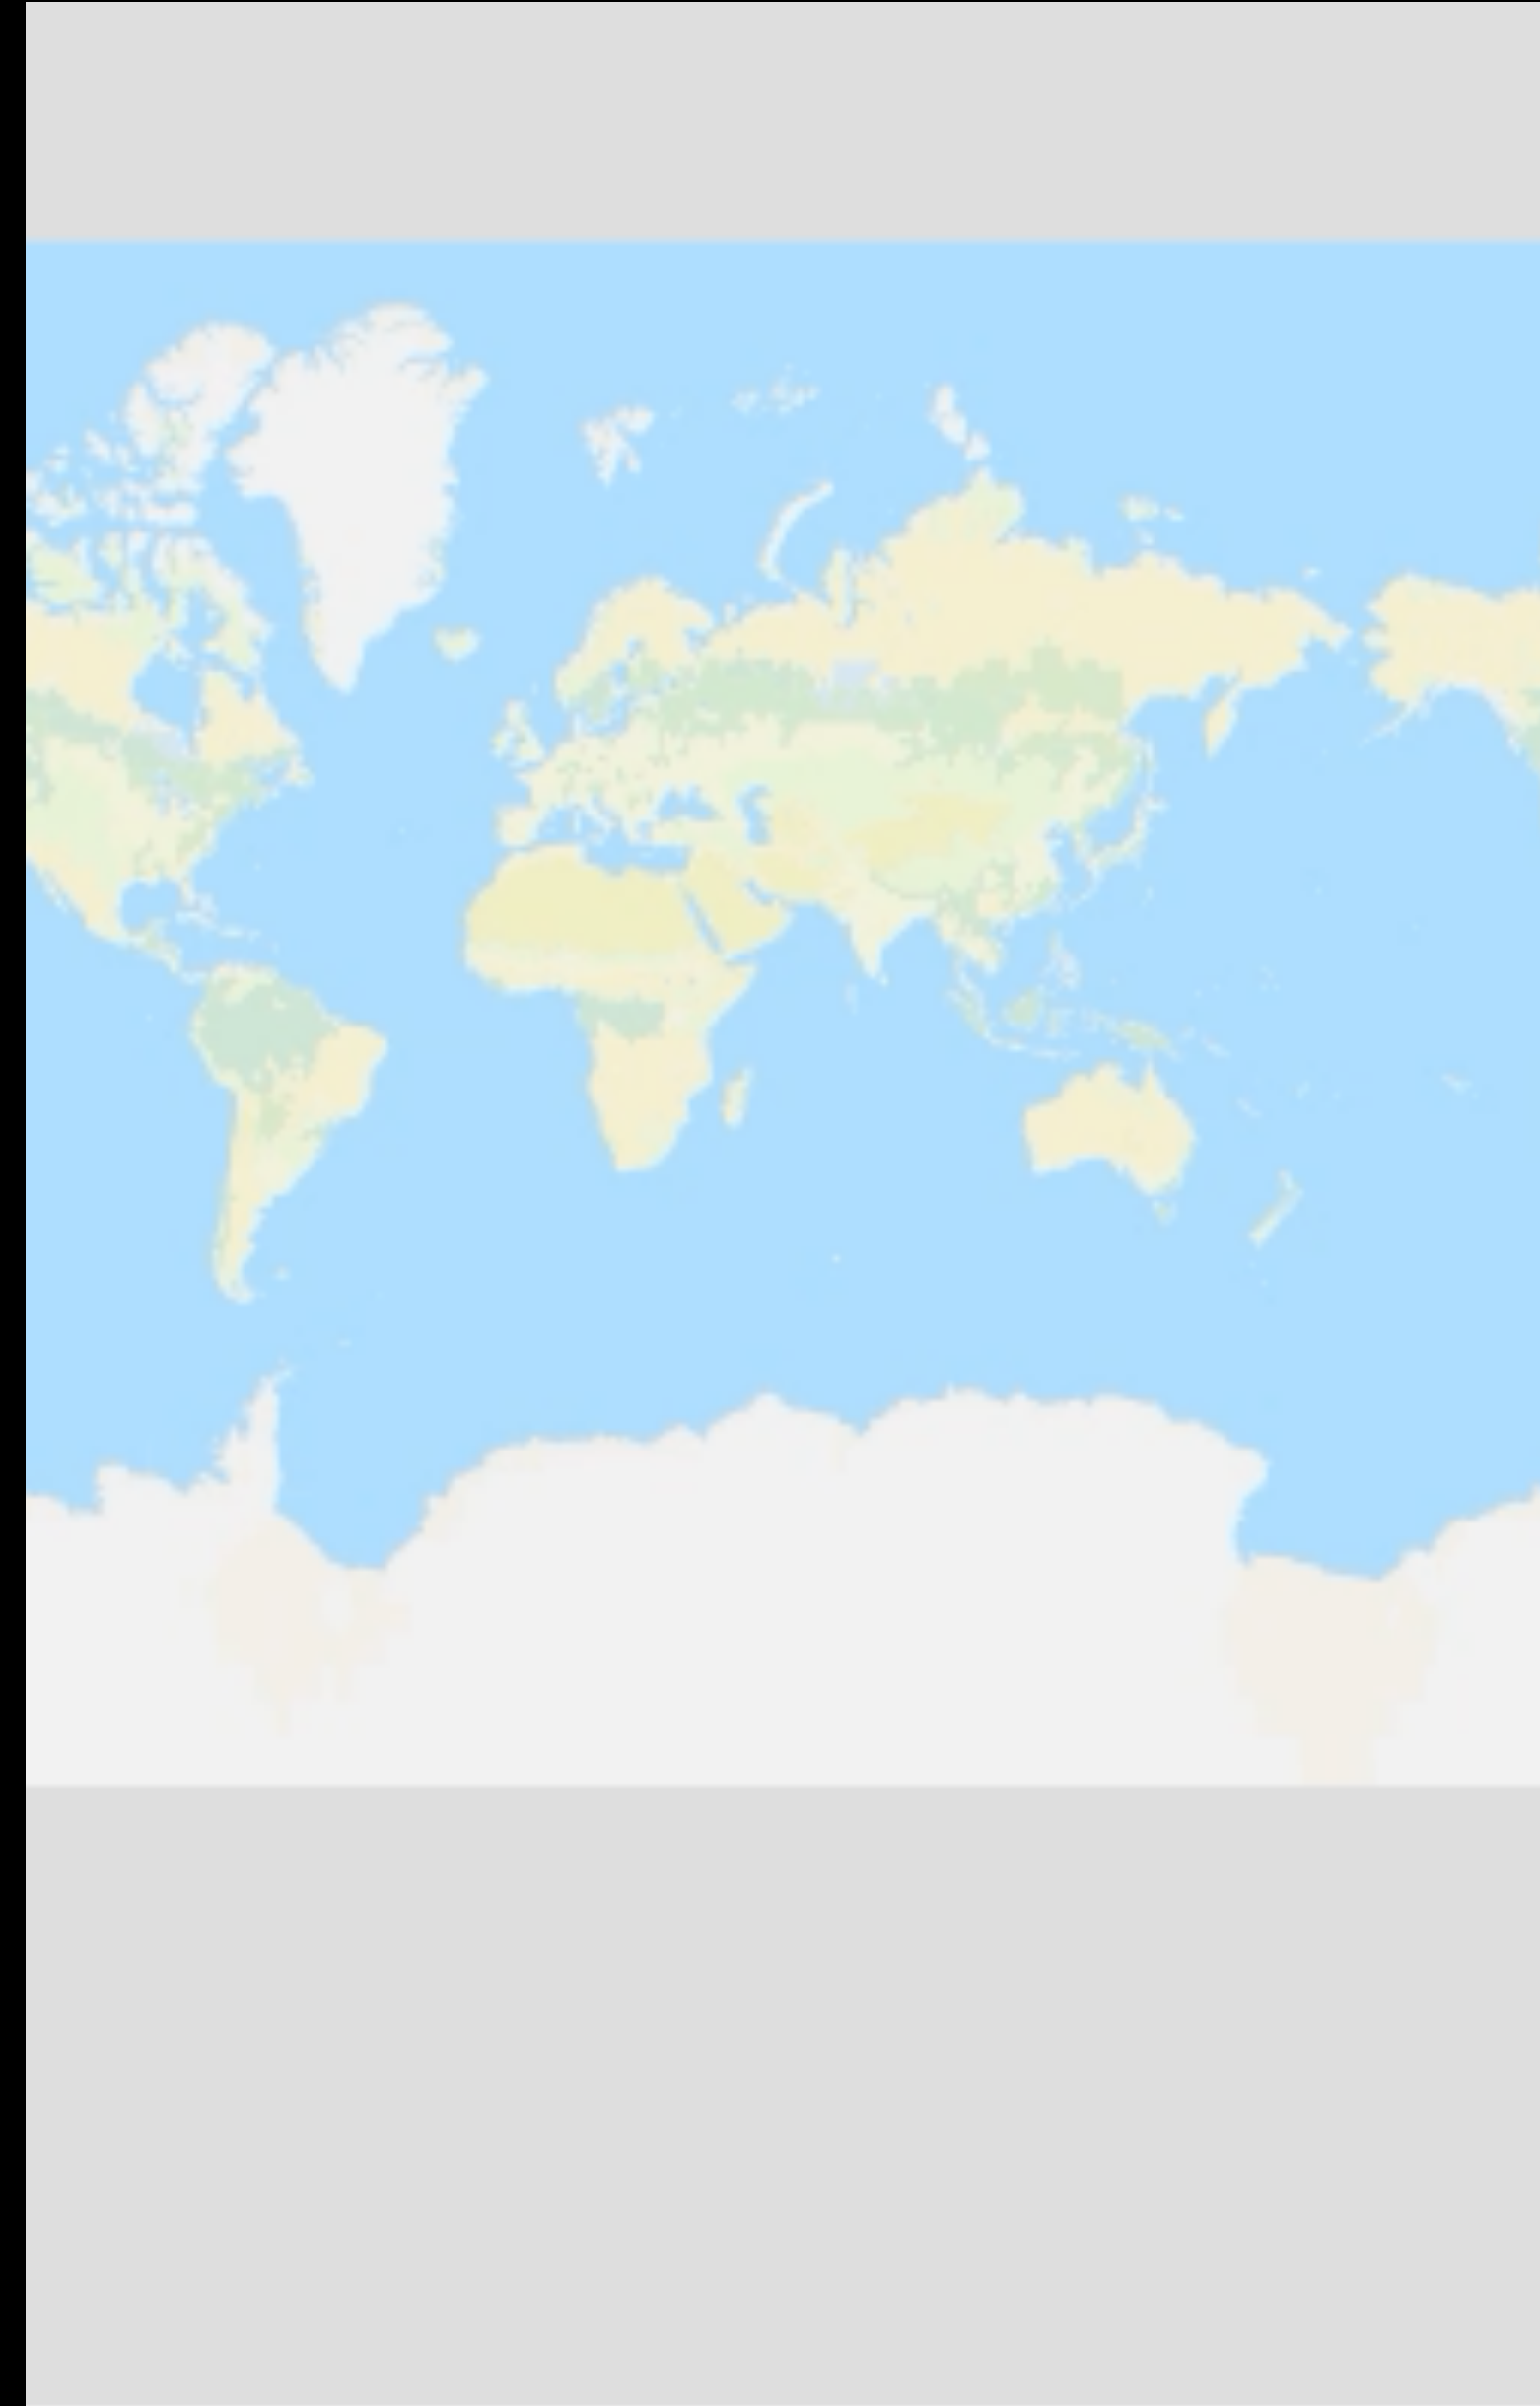

Mer av budgeten till  
produktion!

The screenshot displays the Rackfish Streamio management interface. At the top, there's a navigation bar with 'rackfish' logo, user 'Johan Olde', and menu items: 'KONTROLLPANEL', 'BIBLIOTEK', 'STATISTIK', 'TECH ADMIN', 'KONTOINSTÄLLNINGAR', and 'HJÄLP'. Below the navigation, a breadcrumb trail says 'Tillbaka till ditt videobibliotek'. The main content area shows a video titled 'Kolor-balloon-icare-full-hd.mp4'. It includes a video player with a play button, a description field with the placeholder 'Lägg till en kort beskrivning...', and a tags section with a 'test' tag and a '360' tag. Below the tags, there's a 'Ny tagg...' input field and a 'Lägg till' button. A 'Regenerera Tumnagel' button is also present. At the bottom, the 'Publicera' section shows three steps: 1. 'Välj videospelare:' with 'Rackfish JW-Player' selected and a 'Förhandsvisa' button; 2. 'Välj protokoll:' with 'HTTPS' selected; 3. A field for the video player code and a 'Direktlänk:' field.
